Intro: G Am7 Em7 C D G G4 G

Em D G
Some of our friends are growing older
 C D G
Cause somebody's love is growing cold
Em D G C
And some of our friends defend that poor man's strangle hold
 G D C9
But I'm richer than a rich man
 G Am7 Em7 C D G
Cause I'm bankin' on . . . you (an' I'm bankin' on you) 'n your lovin' gold

C D G G/Gb Em
Your lovin' gold can chase away the cold
 C D G G4 G
And before you know, it's blossomed into spring
C D G G/Gb Em
An' I wouldn't trade our life for anything I've seen
C D G G4 G
Some don't have it this good in their dreams
 C D G C
An' I'm happy just to dream with you, younger growin' old
 G Am7 Em7 C D G G4 G
Cause I'm keepin' a hopeful heart just dreamin' with you 'n your lovin' gold

Intro tag

Some of our friends are growing colder
Cause all of their dreams have blown away
And all they know to do is dream them smaller by the day
But my dreams are growin' bold (they'll never grow old)
Cause I'm keepin' a hopeful heart, just dreaming with you, 'n your lovin' gold

Chorus

I'm keepin' a hopeful heart just dreamin' with you . . . 'n your lovin' gold
