I wanted to ask of the universe what about “no” do you not understand
C Em7 Am7 Am7/G F G C
With “yes” on the tip of my tongue but “no” still clutched in my hand

So the question never took to the air although I was hoping it might
C Em7 Am7 Am7/G F G C
But the “yes” and the “no” at the same time , , , effectively grounded its flight

So I wondered instead at the power of “no” and our power of making the call
By thinking thoughts of whatever we want, in a universe full of it all

Thinking of “yes”, the universe stirs, and attraction delivers by name
Thinking of “no”, the law still applies and delivers it just the same

I wanted to ask of the universe, what about “no” do you not understand
With “yes” on the tip of my tongue, but “no” still clutched in my hand
