 A E
When I'm too hot, too got and sticky
 Gbm D
I'm easy to please, you know I'm not picky
 A E
Just give me an ocean, any ocean
 A E Eb D A E
Got the urge to submerge

And when I'm too dry, dry as a bone
That's why I cry, and that's why I moan
I just wanna get cool and wet
Got the urge to submerge

 D7
Got the urge to submerge in the water
A Gbm D
Down, deep down, deep in the blue
 A E
And I got a buddy, (me and my buddy) 'n we intend to descend
 A D A E
And she likes it too, (Yeah I like it too) ... Yes, she do
 D7
Got the urge to submerge in the water
 A Gbm D
And I'm on my way, I'm right on the verge
 A E
Yeah, I'm really ready, so hot, so why not
 A E Eb D A E
Got the urge to submerge

Break (verse structure)

And when I'm too cold, and my lips start to quiver
My teeth rattle on and I start to shiver
It's not a big deal, because I still feel
The urge to submerge
And when I feel rode hard and put up wet
Don't hang it up, cause I ain't done yet
Again I'm delighted, and I'm still excited
Got the urge to submerge

Repeat chorus with last two lines changed to:

Cold, wrinkled and wet, but I ain't done yet
Got the urge to submerge
Got the urge to submerge - (harmonic, drip) ... "Going down"
